

THE REYES FAMILY

Preaching at Camp

Discipleship Study

Couple Baptism

82 yrs Lady Saved

2 Sandras Soul Winning

February was quite different than expected. Fruit stores at their hi of the season with everything imaginable, summer night festivals on the lake (not that we attended), last minute family vacations and preparing for school to begin; summer was coming to an abrupt end. I got to speak out twice at a church camp on Soul Winning & The Family. We finally broke our attendance record this month of 23, with 35 and have been running a good attendance over 25 on Sundays. We have had 22 Visitors and 14 salvations this month and 2 baptized! It was a couple and the lady was pregnant, but we still only counted the two!

The weather has turned and even though we had quite a bit of rain during the summer, the warmth is gone and we are back to the bone chilling cold for at least another nine months. We have 13 different families doing discipleship classes in their home. Those that are doing them are making great decisions like regular church attendance, tithing, giving their marriage another chance, and most important sharing the gospel. Spiritual growth takes time, but the 'One Steps' have been a huge help in getting converts on the path and encouraging them to stay at it.

The man that has been working with me Luis Saez is a huge help. He travels an hour trip to work here and to attend church. He has already began preaching regularly on Sunday nights. We have been looking for a house here for his family, but during the summer was not an ideal time. Summer homes start renting for \$50 a day no matter how big or small and most are very small. People come here from all over the world to vacation. Now that there are homes renting the prices are high to make up for all the repairs needed. We plan on his family living in the church when we leave, but we might need the space for the church by then. Please pray for the ideal home and for a good price. It would be a huge blessing to have him here and for his family to have more of his time that is being wasted in travel.

Also if you could keep Sandra in your prayers she has had a serious loss of blood due to a health issue and is trying to recover. She has a blood disorder which keeps her blood thin and is a bit more serious then anemia, so any blood loss to her is not good for her health. We have had a lady helping her in the nursery after one evening of having the kids in the auditorium for the service. I think this is great training for the ladies as they watch her teach the kids.

We want to begin Sunday school hour, Luis would teach the teens, Sandra his wife would teach the kids, my Sandra would teach the ladies and I would have the men, with one of the church ladies watching the babies. This is going to take a lot of prayer, preparation and programming, Please, please, please keep this in your prayers.

Thank you for your faithful prayers and support, our ministry and the Independent Biblical Baptist Church would not be possible with out it. God is doing a great working here in Panguipulli, Chile and we are grateful for the opportunity to be a part of it all.
