

THE REYES FAMILY

3 Saved

We have been traveling since the first of February trying to get to all of our supporting churches to report on what has been done in Chile.

Faithful Ladies

Sandra was able to join me in the end of February in CA. Her health is greatly improved, but not fully. She has had some ongoing problems as well as newly developed things that seem to be coming up every other week. We are very grateful for all the prayers and support. She is now able to travel and keep up for the most part. Her left kidney is fully healed and looking good. Her right kidney has some small stones and is retaining just a little fluid. We hope this is just from having to work harder while the left one was not working for so long. There was a growth in her mouth that was removed and tested for cancer. Thank the Lord that she does not have cancer! She did have to have some work done in her mouth that had some complications due to damage to her jaws from a childhood accident. We are praising God for the health and abilities she does have and know it is the prayers of so many that have got us this far.

Couple Baptized

Since we have been in the states, we have been busy with her health and getting her well. But I have had the opportunity to do some work in the ministry filling in for a few different Spanish pastors, in some youth departments, driving a group of teens to a conference, helping paint a new church building, soul winning for some new churches starting here in New Mexico and regular soulwinning.

Mom & Son

The Lord has blessed with many saved. We have been in many meetings through out the month where I got to preach and share our update as to what the Lord has done in Chile thus far. It is exciting to see many friends and family, and church members still in their place serving our Savior.

Wedding

We had the opportunity to spend a week with all of our family, my sister's family, who are missionaries in Ghana, Africa, my brother's family, who is a pastor in Albuquerque, and my parents. There are 20 of us in all. What a blessing to have a family who are all serving the Lord and to have the opportunity to get together and share blessings, stories and encourage one another.

Patricio's Baptism

The Lord has been so very good to us while we have been in the states and has provided for all our needs. The work in Chile is still going strong and the pastor there is doing a terrific job seeing people saved, baptized, disciplined, added to the church and growing for the Lord.

We look forward to seeing all those who we have not visited yet and having time to spend with you. Please continue to pray for the work in Panguipulli, Pastor Luis Saez and family as well as our traveling mercies.
