

THE REYES FAMILY

Josiah Hunting

The turn of the year is an excellent time to look back and remember all the different ways God has blessed us. As we count our blessings we are overwhelmed at the greatness and goodness of God. Sometimes we get lost in the moment as we live our lives, but looking back we can see how God orchestrated all of this past year's events to guide us in His will.

Lily Visiting a School

We were able to see many people saved, just like we have been able to in previous years, but what was special about this year is that we were able to lead many of the people to Christ who we already knew. Many people who we have been working on for the past few years have gotten saved! Praise God that the simple Gospel still rings true to the listening ear.

Thanksgiving Cooks

We are excited about the new city that we will be moving to next February. Arica, which is very near the Peruvian border, has 162,000 inhabitants, and no Gospel preaching missionary. What's more is that it has the ideal climate for Sandra's health needs. When we arrive, we will be beginning again the planting of another church. We learned a great deal from our first church plant, and now we will continue the work, using what the Lord has taught us. Last week, while celebrating our 11th anniversary, we met a couple visiting our area who live in Arica! We are looking forward to developing this relationship and presenting the Gospel to them and thousands of others who we will come to know.

Anniversary Rafting Trip

We ask that you continue to pray for Sandra's health. This last year has been exceptionally challenging for us as we have learned more about her health. Please pray for her that she will have the strength she will need to guide the home while we commence a new ministry, and that I will have the wisdom to make good decisions for our family and ministry. We look forward to many more souls saved, and covet your prayers for us as we endeavor to do the Lord's bidding here in Chile.

PS - Just as I was finishing this letter, I was given another opportunity to lead someone to Christ! The harvest truly is plenteous; please send more laborers.
