

# THE REYES FAMILY

Elisha's B-Day

What a busy few months we have had! January was filled with excitement, starting with Elisha's birthday party (we went to a local farm that has lots of different kinds of animals to see, a playground, and trampolines!) and ending with a family camp (both Sandra and I were guest speakers). February was also busy, but in a different kind of way. After preaching 8 times in the first week, we began preparing for our move to northern Chile. Thank the Lord for giving us a neighbor who is an expert welder. He made us a double-axle trailer for much less than it would have cost to purchase one from someone else (after having been able to find one!).

Steve Preaching

The Lord has been giving us many opportunities to witness. Some of them have been quite interesting. A circus came to town last month, and as a result there were several people in town who are not usually there. One such young man (Tomatillo) was peddling some hand-made bracelets by the lake. After buying Sandra one of his bracelets I began witnessing to him. After a few minutes he got saved! He left, but then soon returned and put a bracelet on me. He said it was the only thing he had to show his gratitude with. The next day I gave him a new Bible and the first several steps of the discipleship course we use. Another couple was doing some business with us and, while we waited for the notary public to finish our paperwork, received their forgiveness. God is good.

Mid-Summer Heating

For us to be able to move, we had to downsize our belongings drastically! We sold just about everything replaceable that we had. That does not include most of what we brought on our container last year. Those things we packed up in the trailer our neighbor made for us. A week ago we loaded up in the pickup truck we bought for this move and headed north. The first trip to Temuco took about 4 hours to complete. ("You think this is slow, just wait 'till we go up-hill.") That night we visited with a friend and rested. After a day of play for our kids with their friend, we loaded back up in the truck and drove another 5 hours to Concepcion. While there we visited with some new missionary friends from pastor Kevin Wynne's church. What a blessing it is to see others who have the same beliefs as we do concerning soulwinning and church work. After visiting with them for a day and a half, we left once again towards Talca, the town where we will be for the next few months. While here we will be helping another missionary to start a church. Please pray for us that we will have many opportunities to see people saved and discipled, and that we will be able to make a difference in the lives of the people we meet while in Talca.

Camp Preachers

Since January 1st we have seen 10+ people saved. Praise the Lord!
